College, Forsyth, Ga.; Wake Forest College, Winston-
Salem, N.C.; Wofford College, Spartanburg, S.C.

The South Carolina Foundation of Independent
Colleges administers the scholarship programs and
selects recipients for participating plants in North and
South Carolina, and The Georgia Foundation of
Independent Colleges provides a similar function for
participating mills in Georgia.

Milliken & Company and its mills in South
Carolina, North Carolina, and Georgia are happy that
they can participate in building the future of the
region through the educational development of some
of the region's talented young people.
