Communication

This is National Fire Prevention Week, October 5—11, observed on the County and municipality levels. The fire departments begin this week with inspections of all business houses, schools, nursing homes, and meeting place building.

Firemen would like to pay tribute to our employers, without them we could not function. We would like to thank the Tryon Daily Bulletin and the WTYN Radio for the publicity in the local fire department as well as the county fire departments; to the Town of Tryon and County Government for upgrading our communication system.

Fire prevention begins in the home. Have you checked your heating system? Now is the time to check your furnace, wood and coal heaters, fireplace, flue pipes, and chimneys before the winter begins. We in the fire service recommend smoke detectors as a necessity in the home.

At present we have 134 firemen in Polk County to serve you. These are dedicated men on call 24 hrs. a day seven days a week. I am sure that any of the fire chiefs listed will assist you in any way that he can. Chief Edwin Lanning, Columbus, Chief Joe Owensby, Mill Spring, Chief William Page, Green Creek, Chief James Gilbert, Saluda, Chief Leon Burgess, Sunny View, Chief Clarence Scoggins, Tryon.

You cannot beat fire prevention to save your life!

Polk Officer Catches Escaper

An escapee from the Henderson County prison camp was recaptured at 3:30 p.m. Thursday about three miles from Saluda by a Polk County probation officer.

The probation officer, Walter Brand, said he heard a description of the escapee shortly before he saw a man fitting the description coming out of the woods near a railroad trestle in Melrose, about three miles from Saluda.

The escapee was identified as Dwight Albertson, 26, who was serving a sentence on an auto larceny conviction. Authorities said they noticed he was missing at 2 p.m. Thursday from a work detail on Thompson Road in Saluda.

Brand took Albertson into custody shortly before the arrival of other law enforcement officers. Albertson was taken back to the Henderson County prison camp by Capt. Jim E. Bain. — Asheville Citizen

DUPLICATE BRIDGE

Results of the Tryon Duplicate Bridge held at the home of Stanislas Czetwertynski Thursday night were as follows:
North-South: 1st. Fred Chevalier and Dr. Jules Le Grand; 2nd. Mrs. Miles White and Mrs. Jack Watson.
East-West: 1st., Arthur Farwell and George Kelley; 2nd., Mrs. John W. Martin and Andrew Leslie.

Weather Thursday: high 78, low 57. Friday was another beautiful day.

This is National Fire Prevention Week. We went to the home of Ralph Henderson Friday morning and watched the Tryon Firemen at work. They were at the fire within four minutes of the alarm and worked as a team. Some of them had on suits, ties, good shoes, etc. It didn't matter, when the alarm went off they stopped what they were doing and answered the call. In addition to saving our lives and property when needed, they want to educate us so we won't need them. They are asking us to check our furnace, wood and coal heaters, fireplace, flue pipes and chimneys before winter begins. They ask us to place smoke detectors in our home. This week they will inspect all business houses, schools, nursing homes and public buildings. All of us owe them our thanks.

Federal officials have told North Carolina its policy of cotton dust levels in its 491 cotton using textile mills is seriously deficient and must be corrected immediately.

By a 376-0 vote, the House of Representatives Thursday
