## DID YOU KNOW THAT...

Your County Commission Chairman, OPAL SAUVE, went to bat for Polk County citizens with both District and State Department of Transportation personnel and with Governor James Hunt?

*In the spring of 1979, she organized a petition drive, asking for the repaving and widening of N. C. Highway 9 in Polk County. On June 21, 1979, in Franklin, N. C. she presented that petition to N. C. Secretary of Transportation Thomas Bradshaw, along with a plea on behalf of 730 citizens who signed the petition and described the dangerous conditions that existed here.*

*Her efforts didn't stop there, however. Additional names were obtained and the petition with 774 names was then sent to Governor Hunt. A reply was received on September 23, 1979.*

*In August of that year, Opal went to Raleigh and again asked Secretary of Transportation Bradshaw to help with repaving N. C. 9. Correspondence and phone calls continued and on April 30, 1980, she traveled to Buncombe Tech. College in Asheville to appear again before Secretary Bradshaw, who along with Mr. Jack Bryant, Mr. Jim Parham and other transportation officials, agreed that Highway 9 would receive attention soon.*

*Work began on the highway shortly after and today the road has been widened and paved from Beulah to Mill Spring.*

No, Opal Sauve is not afraid to stand up for Polk County citizens. She has proven her dedication to you. Now she needs your vote on November 4.
