

Sometimes in an election year we have more than a simple contest between two political parties.

This year's Polk County Commissioner contest goes beyond the ordinary.

This year the Republicans challenge our whole picture of how we see ourselves as Polk Citizens. Should we vote for those who claim they started expensive projects or helped along programs that others really made possible.

Do we want to be represented by people who play with the truth? Or do we vote for Democratic Commissioners like Billy Hugh Ruff and Hubert McEntyre, men who are willing to take responsibility for county government all the time, not just when it is convenient?

**VOTE McENTYRE and RUFF For
Democratic County Commissioners**

This Nov. 4.
