What Does Chamber Do?

People often ask, What does the Chamber of Commerce Do? One of the things that the Tryon Chamber of Commerce does is answer letters that people send wanting to know more about the area, the price of real estate, the medical care, recreation facilities, climate, etc. The local chamber answers each of these letters and sends the material asked for. This is a letter from someone in California who is interested in coming to this area.

"Many thanks for your letter and the material sent. I would like to compliment the Tryon Chamber for its effort in successfully promoting your community. We've heard from many of your local businesses and realtors, one even investing in a long distance call to give us further information. Your attitudes are certainly rewarding and your friendly manner is very appealing. You could only have great success resulting from such efforts shown.

"We hope to see Tryon in the future after our West Coast relocation investigation has ended. In the meantime, keep up the fine work. You sound like wonderful people."
