Brevard, N. C. 28712

Letter to the Editor:

At the public hearing on November 24th at Mill Spring School, all present agreed that in order for the problem of accidents at the intersection of N. C. Highway No. 108 and No. 9 to be solved, the hill on the Rutherford side of the intersection on No. 108 must be cut down.

Many area residents expressed a concern that their voices are not being heard by the people in power who have the authority to see the hill is cut down.

At the hearing, I was asked to publish the names and addresses of those in authority and to urge all concerned citizens to write to these people:

Mr. Thomas W. Bradshaw, Jr.,

May I ask each of you to take a few minutes now to write and let our Governor and the decision makers in the Department of Transportation know how you feel before yet another life is lost at that intersection?

Sincerely,
