"The Way Of A Trout"

Always after a showing of "The Way of A Trout" to a local service club or other specialized audience, the recommendation has been made that the general public should be given an opportunity to see this film. Such an opportunity will be offered Thursday, December 18 at 8:00 p.m. in the Mural Room (the middle level) of the Tryon Fine Arts Center.

"The Way of A Trout" has been acclaimed one of the finest underwater wildlife productions. Produced by Trout Unlimited, it shows the complete life cycle of a rainbow trout, from preparation of the redd (nest), spawning, its predators at all stages of growth including its ultimate capture and release by a true sportsman.

The 30-minute movie will be supplemented by a display of trout fishing gear, and fly tying materials. Nothing to sell...The program is sponsored by the Pisgah Chapter of Trout Unlimited, a national cold-water fisheries conservation organization, which serves Polk, Henderson and Transylvania counties.

The public, of all ages, is invited. No need to get dressed up. Stay as long as you like. — Reporter
