Art Funds Are Available

The N. C. Arts Council may have as much as \$1,882 available in the 1981-82 fiscal year for community arts programs in Polk County through the Grassroots Arts Program. Non-profit organizations should send applications to the state Arts Council by March 2 in order to be considered for a share of the funds, according to Fred Schultz, the state council's liaison to the county.

The money is available to assist incorporated tax-exempt organizations in carrying out arts programs which will take place between July 1, 1981, and June 30, 1982. Requests will require a matching amount of cash, although the match does not necessarily have to be used for the same project. Matching funds may be those the organizations anticipate spending at any time

during the same fiscal year.

Representatives of any interested groups should contact the Grassroots Arts Program, N. C. Arts Council, Department of Cultural Resources, Raleigh, N. C. 27611.

The Grassroots Arts Program provides per capita funds to be spent for the arts at the local level. The county allocations are calculated at a rate of 14.93 cents per person, based on the amount the state Arts Council has requested from the state legislature.

The program was established by the legislature in 1977. Where possible, the state Arts Council is distributing a county's total Grassroots allocation through a designated "local distributing agent", which meets certain guidelines and is nominated by the county board of commissioners and approved by the N. C. Arts Council board. There is presently no such distributing agent in Polk County.
