Check With Town Hall

Friday, a man posing as a contractor, told a Tryon lady that he had been sent from the Tryon Community Development, to see what work needed to be done on the house and asked the lady for her Social Security card. He took her wallet to look at the card and then gave it back to her. The lady who had just cashed her Social Security Check looked at her wallet a little later and found that all the money had been taken. In checking with the Tryon Community Development at the Town Hall she discovered that they hadn't sent a contractor to look at her house.

Those in the Howard Street area who will be having work done on their houses, should check with the Tryon Community Center to see if a contractor had been sent to their homes. Call 859-5104 to make sure.
