

Communication

Dear Editor:

We want to commend some very special people in our community. We are celebrating AFS Host Family Recognition Week, April 30 — May 6, and this year the Fred Ashley Family is hosting Nadia from Mexico; the Rick Watson Family is hosting Jean-Francois from Belgium; and under our auspices, the Joel Peterson Family, who moved to Spartanburg in December, is hosting Andrea from Austria.

Like 3,000 other American families this year, the Ashleys, Watsons, and Petersons have opened their hearts to these

FREE

young students. And in doing so they have shared our American values and culture while providing an unforgettable cultural experience for themselves and their families.

AFS hosts are not paid. They give of themselves and their love to create lasting ties between their families and the world. Students are between the ages of 15 and 18, they are carefully screened in their home countries, are insured and come ready to fully participate in home, school and community life. And AFS host families find the most support possible from our local chapter to a 24 hours a day support line in our New York headquarters, we are here to serve students and families.

The Watson, Ashley and Peterson families are some of our most precious resources and we recognize their contributions and appreciate all they have done as host parents this year. We ask that you and the rest of our community join AFS-USA in commending these families for their lasting contributions to world peace and the global family that AFS is. If other families in our community are interested in joining these families that are changing the world, they may contact Jean Pettigrew 859-9453 or An Carswell 894-3051 or 8802 soon to discuss host during next school year.

Sincerely,
Jean Pettigrew and
Ann Carswell
Co-Presidents, Polk County AFS

Don't store sweet potatoes in the refrigerator. Chilling will give it a hard core and an undesirable taste when cooked.
