Local Church Joins In The Call For An Oil Free Sunday

In response to the crisis in the Middle East, the Mill Creek Church of the Brethren in Green Creek joined with other Brethren churches and Christian groups from across the nation calling for October 21, 1990 to be an oil free Sunday. On that day, the Church members did not use gas or oil fueled vehicles in the normal way as a means of transportation.

Participation in this oil free Sunday was an act of worship, symbolizing our trust in God for security; as a spiritual commitment to work for a peaceful resolution to the current conflict; and as a sign of our willingness to make whatever lifestyle sacrifices God may call us to make in the cause of peace.

This one day oil "fast" served to remind us of the wider vision of shalom/salaam, the Hebrew and Arabic greetings which convey similar notions of peace with wholeness. According to this vision, we are called to restored

relationships with all the earth's peoples, especially those living in less powerful nations, and with the creation itself, which has suffered under our abusive misuse of petroleum.

Pictured above is Rick and Liz Watson who appear to be a bit winded after completing the 8-mile bike ride to church. Susan Wiley rode her bike from near Boiling Springs, S.C. to the Mill Creek Church located just off No. 9, a distance of 10 miles, making her the distance champion for the day. — Reporter
