History Book Price Rises \$5 April 1

The price is going up. After Easter, it will cost \$34.95 to place your order for "A Sense of Heritage: A Pictorial History of the Thermal Belt." The 120-page, hard-bound book will be out this fall.

A project of the Tryon Thermal Belt Chamber of Commerce, the books are being sold prior to publication. After publication, if any are still available, the price will be \$45.

You can still place your order for \$29.95 (plus \$1.50 tax for North Carolina residents) by sending a check to: Tryon Thermal Belt Chamber of Commerce, 401 North Trade St., Tryon, N.C. 28782.

About 20 people are working in every corner of the Thermal Belt area to root out the best photographs of the area's history - right up to today. Many unusual and exciting photographs have already been discovered, said project chairman Jeff Byrd.

In addition, Homar Jones of Columbus is writing a historical narrative packed with the best vignettes from the area's rich historical tradition.

If you have photographs to submit for consideration for inclusion in the book, bring them to the chamber office, or contact one of the following committee members:

Kirt Flynn - 859-6869; Bill Schreck - 859-5885 or 859-5842; Kathy Woody -
