Quote for the day: "A newspaper is a partial, hasty, incomplete, inevitably somewhat flawed and inaccurate rendering of some of the things we've heard about in the past 24 hours." *David Broder*

Hasty? Incomplete? Flawed? Inaccurate? Now, wait a minute, Mr. Broder!

Close to 500 families respond each year to the Polk County Mental Health Advisory Board's fund raising drive.

"This is probably unique in North Carolina, or even the country," said Stephanie White, reporting on yet another successful drive. "Gordon Schneider is doing an outstanding job as director."

Congratulations to Gordon and the mental health staff, and to the community which supports them so heartily.

Phyllis Allen Eifert Drawings At Tokpela

A collection of life drawings by visual artist Phyllis Allen Eifert are currently on display at Tokpela Art & Frame, 117 Depot St., Tryon.

This series of drawings are figurative studies produced by Eifert in NYC in 1986 and 1987. Her draftsmanship and creative line are evident with the figure being suggested very bold along certain contours and then the absence of line and detail being incorporated.

Phyllis has always been an artist; initially studying illustration, becoming the Art Director for a N.Y. City advertising agency, and eventually devoting her talents exclusively to fine arts creations. Her sculptures frequently incorporate organic materials. The accurate and intricate castings for these fragile material are expertly accomplished by the Argos Foundry in Carmel, N.Y.

Phyllis trained at the Pennsylvania Academy of Fine Arts, The Moore Institute, The Barnes Foundation, and SUNY Purchase. She has studied with Franklin Watkins and Reginald Marsh. She has sold her work at The Incurable Collector, Abercrombie and Fitch, and Crossroads of Sports, all in New York City.

Karen Godlock

Yale, State, Brown Already Courting Prep Track Star Godlock

Karen Godlock started running when she was in junior high school. Now she's in the early running for scholarships from N.C. State, Tennessee, Brown, Vanderbilt and Yale.

All of those schools have sent the rising high school junior questionnaires asking her where her academic interests lie.

Karen, 15, caught their attention quickly - she was a whopping 25 seconds faster than the best 1-A/2-A prep runner to date in North Carolina in the 3200 meters during the state track finals this spring. Her time was 11:28.84. (3200 meters is just about 2 miles.)

Karen breezed by the 1A/2A state record for the 1600 meters as well, beating the previous record by 12 seconds, with a time of 5:08.84. (1600 meters is just about one mile.)

She won the state 1A/2A 800-meter race in 2:19.30 and was part of the effort which led

Braewick To Be Paved, Not Dug Hill Road

A report on street paving in the Bulletin last week, drawn from a Hendersonville Times-News report, was incorrect.

The N.C. Department of Transportation has approved the paving of a half-mile section of Braewick Road, not Dug Hill Road. The section of Braewick to be paved is from Dug Hill Road to the Tryon city limits.

The project is not being paid for by the state. The landowners adjacent to that section of roadway agreed to pay \$8 a foot, or \$21,000 total, for the paving.

Hardee's Coupons Benefit First Responders

The Polk County First Responder Program launched a fundraising campaign using Hardee's Fun Coupons. Proceeds from the sale of the coupons will be used towards the purchase of medical equipment and uniforms.

Each coupon sells for \$1 and is good for \$1 worth of food and beverage items at Hardee's of Columbus. For every Fun Coupon sold, Hardee's will donate 40 cents to the Polk County First Responder Program.

The group's members will be selling Fun Coupons to individuals and businesses in the community now through September 30.
