Green On Dinner Circuit To Describe Land Use Planning

Sue Green's name is showing up on a lot of civic club agendas these days in Polk County.

Green is talking about a subject some consider taboo in the mountain counties - land use planning. She has to do it. It's her job.

Green was hired by the Isothermal Planning and Development to create a comprehensive land use plan for Polk County. And, no, this doesn't mean zoning.

Green has already spoken to the Sunny View Ruritans, the Polk County Soil and Water Conservation Board, the Tryon Thermal Belt Chamber of Commerce, and the Tryon - Polk County Board of Realtors. She is scheduled in the next few weeks to talk with the Thermal Belt Rotary Club, the Tryon Kiwanis Club, the Pacolet Area Conservancy, the Green Creek Ruritans, the Pea Ridge Community Club, the Commission on Aging, the Saluda Women's Club, the Agricultural Services Commission and she's trying to pull together a group of loggers to speak with.

Green said her project will address the land use issues confronting Polk County, including:

- * the need to protect and enhance the county's scenic beauty;

- * water supplies;

Carol Burnett Comes To TFAC??

When searching for a vehicle for the humorous portion of the upcoming TFAC Special Events production, *Melrose Madness*, Debbie Goode, director, turned to her favorite comedienne, Carol Burnett. When Debbie was a senior at Tryon High School, she wrote a letter to Carol Burnett inviting her to the graduation ceremony. Unfortunately, Miss Burnett had a previous engagement and sent her regrets via a form letter. Later while studying drama at Converse, Debbie took up a collection from friends and faculty so she could make a phone call to Miss Burnett. This time she got as far as the private secretary! Now it is only just that

Lions To Sponsor Mobile Health Unit

The Lions Club of Landrum will sponsor the S.C. Lions Mobile Health Screening Unit in Landrum. It will be in operation at Bi-Lo Parking Lot on Thurs., Mar. 26 from 1 to 5 p.m.; Fri., Mar. 27 from 10 a.m. to 1 p.m., and 2 to 6 p.m.; and Sat., Mar. 28 from 10 a.m. to 1 p.m., and 2 to 6 p.m.

Sight conservation has been a major project for Lions Clubs International since Helen Keller called the Lions her "Knights of the Blind." The over 7,000 Lions and Lionesses in S.C. have accepted this as one of their major projects in this state. The unit is sponsored by funds raised by our annual Candy Day give-away each fall. All money from this fund raiser and many others is used to support the Lions in many humanitarian projects.

Although free health screening by Lions in S.C. since 1974, this particular unit has been in operation since 1985. The unit checks for Glaucoma, Visual Acuity, and Blood Pressure. The S.C. Commission for the Blind and the American Heart Assn. provides us literature for the public.

Remember the old adage, "A Stitch in Time," applies to health care too. This is a free service of your community's Lions Club. We will be looking for you at the Lions Mobile Health Screening Unit on any of the three days!
