

Bradshaw Describes Radiology Service

The regular meeting of the St. Luke's Hospital Auxiliary was held March 11.

Thomas Bradshaw, hospital president, reported on the progress being made in recruiting additional medical staff. He also said the way in which hospitals operate has changed enormously over the past several years, not only for small hospitals such as St. Luke's but for all hospitals.

Bradshaw described a tele-radiology unit being used in many hospitals, and soon to be used at St. Luke's, which transmits CAT Scan and Ultrasound images by telephone to doctor's offices, hospitals, and other receiving stations.

Auxiliary president Ruth McCallum introduced Mrs. Cam Lawrence, R.N., instructor of the Health Occupation classes in the local high schools. Mrs. Lawrence described the HOSA (Health Occupations Students of America) program, and then introduced three of her students, Tonya Sain, Sherry McFalls, and Tommy Thomas.

Each of the students told of his interest in the medical field and described his course work.

Director of Volunteer Services Betty Fenner announced that during the month of February, Elizabeth Beam and Lil Sarpolis earned their 100-hour pins, Ginnie Hart earned her 1,000-hour bar, and President Ruth McCallum earned her 2,000-hour bar.

Fashion Show Coordinator Joan Wilkinson advised that tickets for the April 3rd Fashion Show Luncheon may still be purchased at St. Luke's Hospital Thrift Shop and in the office of the Director of Volunteers at the hospital. Tickets cost \$7.50 each.

The Auxiliary voted to con-

tribute \$34,800 to the hospital for furnishings for the medical hall and Restorative Care Unit, a Tele-Radiology Unit and a YAG laser.

The next meeting of the Auxiliary will be held on April 8.
