

Land Purchase

Dr. Richard Ulmer and his wife, Martha, have recently purchased 3 acres on Miller Mountain from Tom and Joyce Harris of Tryon.

The Ulmers plan to build their home away from home in the near future.

Richard and Martha are from Charleston, S.C., and have four children, and several grandchildren. Their daughter, Katherine, is presently attending Furman University.

The Ulmers enjoy singing. Both Richard and Martha are well known in and around the Charleston area for their beautiful voices and sing with the

Baptist Church Choir.

Frances Lytle of ERA The Walker Agency was both listing and selling agent in this transaction.
