

Auxiliary To Buy Hospital Equipment

The following article, first run March 23, is being reprinted to clarify some points and correct some others.

The St. Luke's Hospital Auxiliary recently allocated \$34,800 for tele-radiology equipment, a YAG laser, chairs for the medical hall, and chairs and tables for the restorative care unit, auxiliary president Ruth McCallum told the hospital trustees recently.

The \$20,000 tele-radiology equipment will make it possible for Hendersonville Radiology Consultants to transmit radiographic pictures from computer to computer over the phone lines. New radiology services will be required once Dr. Rick Gentry leaves in May.

The YAG laser is of particular interest to Dr. Thomas C. Per-
raut, who has relied on the scheduled use of mobile equipment. The new YAG laser will be available at all times.

The bottom line back balance for the auxiliary for February was \$69,525, of which \$4,724 came from the hospital's Thrift Shop, McCallum reported.

It was also reported that about 90 AT&T Medical Alert units are always in use. The auxiliary runs the Medical Alert unit program, which produces revenue for the hospital.

Spring Revival

Revival will be held at Fairview Baptist Church beginning April 5th and continuing through April 8th. The revival begins on Sunday at 11 a.m., Sunday night at 7 p.m. and continuing Monday through Wednesday at 7:30 each night.

The visiting pastor is Rev. Ken Lynch, a former pastor at Fairview. Nursery will be provided and everyone is invited to attend these services.

Rev. Chuck Mullinax is pastor at Fairview.
