A Rare Chauce to Purchase Valuable shocco Lands.

HE state of my health rendering a removal to a more Southern climate absolutely necessary, I offer at private sale my Plantation, situated on Shocco Creek, Warrin County, North Carolina. It contains 1,756 acres, 500 or which are under cultivation, and the balance partly in original growth of forest trees, and partly old land lightly timbered, and easily

The improvements consist of an EXCEL-LENT ROOMY DWELLING-HOUSE, situated in a beautiful grove, and containing 9 large Rooms, with a comfortable Basement under the entire building. There are MEAT-HOUSES, ICE-HOUSES, and quarters for 50 Negroe, in good order, and built with N. F. RIVES & CO.. Wholesale Drug stone chimneys A large productive ORCHARD stone chimneys A large productive ORCHARD and GARDEN, with a VINEY ARD of Scupper-nong Grapes, from which fifteen barrels of cals, Paints, Oils, Dye Stuffs, Window Glass, STABLES are new and built for 30 horses, be-THE PLANTATION BUILDINGS

Consists of an OVERSEER'S HOUSE, newly built, and six LARGE DOUBLE BARNS. There is a new TWO-STORY GRANARY, built this year, in the most substantial manner, Dem on a rock found tion; it is seventy-two feet long and thirty-six feet wide, and contains new and complete machinery for threshing and winnowing wheat, with a great saving of manual labor. There are many other advantages on this Plantation which the limits of an advertise- Dem ment will not permit me to particularize.

THE QUALITY OF THE LAND • is removed to the Store formerly occupied by J. H. Freeman, opposite Brownlow's Hotel, WHEAT, TOBACCO and CORN. The Wheat crop has always been considered the bes in the of every description, and that he is ready to county, and has always brought the highest prices. Out of the 500 acres, two hundred are bottom lands of the very best quality, and the entire plantation is considered as one of the best in the County of Warren. THE SITUATION

Requires no comment; it is in the midst of one of the wealtnies! and most refined communities in the State, immediately adjoining Joxes' WHITE SULPHUR SPRINGS, and only three miles from Snocco Springs. It is twelve miles from Warrenton Depot, and about ten miles from Ridgeway and Henderson Depots, on the Ra- Dem leigh and Gaston Railroad.

ersens in want of a suitable plantation and Summer residence, will rarely meet with a similar chance of supplying themselves with one combining so many attractions and advantages. Terms made accommodating. The lands may ther, Opp. Warrenton Postoffice.

few schismatic pastors, and several nuns."

NO. 34. M. Malsfranex, a Catholic Missionary a tenguard the former residence of the Gove nor-General of Lapland :

"To these religious data, M. Maisfran adds, upon the site, climate, and vegetation of Altenguard, observations are no less recommendable for their singularity than for their truthfulnass. This burgh, the central point of the Arctic Missions, is situated in the 70th degree north latitude, in a vast plain, bordered on the north by the sea, Nash—H. G. Williams, Dem.

New Hanover—S. J. Person, Daniel
Shaw, Dem.

Northampton—M. W. Ransom, W. W.

Peebles, Dem.

Orange—H. B. Guthrie, W. N. Patter—

Plain, bordered on the north by the sea, watered on the south by pine forests. It is the most picturesque local ty of these northern countries; it forms a true casis amidst the ice and snow by which its horizon is limited. Hence it has often been designated the Paradise of the North, as well on account of the local true cases. count of the beauty of its situation and the peculiar mildness of its temperature, as on Perquimans—N. Newby, Opp. account of an ancient superstition, according Pitt—B. G. Albritton, Churchill Perkins, to which Altenguard is considered as the

entrance-hall to the Lapland Elysium. "Although situated farther to the northward than the perpetual ice in which Franklin is supposed to have been lost, and in the same degree of latitude as the magnetic pole in Polar America, Altenguard generally encities of Russia and Prussia. Often during Rutherford-C. T. N. Davis, Opp., B. winter, when night prevails without interruption for months together, 'the cold is Randolph - I. H. Foust, Thos. S. Wins- less intense,' says M. Maisfranex, 'than at Berlin or Brussels; at least, so I am told by those who have compared the meteorological Sampson-N. C. Faison, Geo. W. Autrey, observation taken between those towns and ours. At the present date, 9th October, it is so warm as to occasion perspiration under a simple blouse. The sky is clear and when night comes on, it is at once illuminated by the brilliant display of the aurora borealis. Columns and jets of light, sparkling globes, and a thousand luminous figures glide along the horizon, changing in form every instant Warren-J. B. Batchelor W. H. Cheek, and giving an aspect as strange and varied

as this scene is stupendous." "The vigor of vegetation is no less astonishing. Potatoes and other tubercules plan-Wayne-W. T. Dortch, M. K. Crawford, ted at the end of June, are ready for digging up at the beginning of September-that is, after the continuance of two months' sunshine. Their size is only to be compared with the yield, which is from forty to fifty sacks from one. Barley, introduced by the Missionaries, and sowa only as an experiment, has been known to yield thirty blades from one grain. 'The local government.' adds M Manfranex, 'has been so much astonished at our agricultural products, that some of them have been sent to Christiana The following letter, written by an eye- as specimens for the general agricultural
