Knowledge, comfort, wealth, even safety, are depend-

ent on the highways over which men go. Every increase in a road's usability is a fourfold benefit.

Today permanent highways have proved that they are both most usable and also ultimately cheapest. And the one material that makes this possible is Portland Cement, which, despite wide general demand, remains the cheapest of all manufactured products.

Atlas, through developing the rotary kiln, did more than anyone else to make Portland Cement actually cheaper today than thirty years ago. And in select-

-don't walk a mile or more to the nearest garage: just go to the nearest telephone and call us up. We will have the gas there in the shortest pos-

serts,. "An age certificate ought to stop. Nearly every pulpit in the city has launched an attack on the dance halls.

A young man desiring to stage a dance at a downtown hotel, asked Mrs. Bruner for permission.

"What arrangements have you made for a matron?" he was asked "Oh, a matron won't be necessary. She would be out of place, or maybe she could wear an evening gown, eh?"

"No," replied Mrs. Burner, "the natron will be fully clothed.

Scientifically balanced, holds the road at all speeds. All-steel body. One-piece windshield. Luxurious, genuine leather cushions, 10 inches deep. Cowl lights. Standard non-skid cord tires.

## We'll lend you a car

to compare with other cars at near its price

THIS is an offer to anyone who is considering the purchase of a car in the \$1000 field.

We invite you to take out a Studebaker Light-Six model for the sake of comparing it with other cars at near its price. This without obligation to buy.

Every maker advances claims for his car. Some are fair, some superlative; some are borne out by facts, others not.

You've been told this car, that car or another is "just as good" as this famous Studebaker model. Now find out for yourself. That's the only way to buy lasting satisfaction.

When you try this Studebaker Light-Six, you will find an engine of remarkable power

and flexibility-an L-head engine designed and built by Studebaker; noted for its quiet and smooth operation; free from vibration because its crankshaft and connecting rods are machined on all surfaces, an exclusive Studebaker feature on cars at this price.

You will find surprising ease of handling, unusual comfort, roominess, obvious refincments and all the visible signs of a quality car. You will find low price its only contrasting feature.

Remember, Studebaker is the world's largest quality car builder and thus is in position to give you the utmost for the least.

Buy no car at \$500 or more without making this test. Don't buy blindfolded.
