MERCHANTS STEAM BOAT COMPANY

OF FAYETTEVILLE AND WILMINGTON GREAT REDUCTION IN FREIGHT Averaging about 20 per cent.

New Steamer ROWAN, 17 inches Steamer WILLIAM B. MEARES, Steamer COTTON PLANT, Flat Boats-BEN BERRY, ODD FELLOW MIKE CRONLY WASHINGTON, T. J. CURTIS READY MONEY, MARY ELIZA.

THE Proprietors of the Merchants' Steam Boat Company of Fayetteville and Wilmington, N. C. offer the above Line of Boats, on the Cape Fear River, to the shipping public, under the late revision and reluction of Freights.

Their new Steamer, ROWAN, now draws only 17 inches water. When she undergoes some alteration in machinery, her draft is calculated at 14 to 16 inches. which will make her the lightest boat navigating the waters of any river in the Southern country. This Company flatter themselves that they have it now in heir power to offer the most complete line of Boats that has ever been on the Cape Fear, and one that will do the freighting business with regularity and despatch on all stages of the water. They have, in connection with the Henrietta Company of this place, reduced the freights to the tariff as in printed rates. Neither of the Bosting concerns deemed themselves able to reduce the freights and still do the forwarding business in this place free of charge, and consequently this Company have given it up, with the conviction, that the Forwarding Merchants of our town can do it more justice than a boating concern. Any Goods consigned to the Merchants' Steam Boat Company, Wilmington, N. C., will be forwarded through that place free of commissions—all other

charges made to the shipper The new arrangement takes effect from the 15th nstant. The two companies will hereafter count all freight eash, or interest added. et letters to Thomas S. Lutterloh, Fayetteville;
