TURPENTINE. About 300 barrels of Turpentine were sold yesterday—new virgin dip at 2 62 1/2 to 2 65; second year's yellow dip, 2 35. This is a trifle below our quotations, but we do not feel authorized to alter them.

We have no transaction in Spirits of Turpentine, Rosin or Tar, the latter none in market.

Timber. One raft of common mill Timber sold yesterday at 5 25; another raft of good quality, 7 of 6 and 8 asked, and no sale effected.

Flour. No transactions in Flour at wholesale; the news by the Britannia having put everything out of order in this article; at retail, Fayetteville, 6 50 and 6 75 asked.

Corn. is held at 50 cents, but we hear of no sales at that price.

Fabric. Vessels are again getting scarce—freight to New York, 40 cents for Naval Stores—Spirits Turpentine 60 to 65.

NORTHERN MARKETS.
The market for Flour was rather active in Boston on the 17th, but no rise in price was experienced.—Michigan 5 62 1/2 to 5 94; Genesee, 6 12 1/2.

In Boston, business generally was inactive. We can give nothing very interesting relative to the northern markets, till the effect of the news by the Britannia is more fully developed.

NEW ORLEANS, July 13, 1847.
We learn from the Commercial Bulletin that nothing was done in Cotton on the 12th. Nothing in Sugar and Molasses. Sales of Flour, a flat boat load of 942 barrels Ohio, at 4 50, a decline of 50 cents, the general impression is that the market will settle at this price. Corn, 600 sacks of mixed and white, at 50 cents per bushel—white at 60—a decline of 10 and 15 cents. No alteration in Exchange.

CHARLESTON, July 17, 1847.
The Southern Patriot informs us that during the first 2 or 3 days of last week 7 to 500 bales Cotton changed hands. Subsequently 450 bales were sold at somewhat unsteady rates. The actual transactions were 11 bales stained, at 34; 32 at 10; 100 at 10; 100 at 11; 228 at 11; 367 at 11; 144 at 11; 64 at 11; 102 at 11; and 59 bales at 12 cents.

For Rice there has been but very little inquiry.—The transaction of the week past did not exceed 300 tons, at 5 1/2 to 5 1/4 per hundred.

Corn very much depressed. Small parcels had been sold at 75 cents for country, but to force sales to any extent, prices would go below that figure.

About 50 barrels western Flour, in one lot, brought 6 50 per barrel. Little doing in this article.

In Bacon, quotations nominal; 1000 pieces, shoulders, city cured, sold at 7 1/2 to 7 1/4.

MARYLAND.
Schr. H. L. February 21, 1846.

Mr. St. W. Fowler—
Sir—Please send me as soon as possible another lot of Wilder's Balsam of Wild Cherry. I have been selling this valuable medicine in this town for many years. It has proved to be highly useful in many cases. Much has been said and written in commendation of this article, and justly too, I think from my own observation of its effect upon others, and my own experience in using it. Some months since, having a bad cough, I lost my appetite and I strength, and my health was much impaired. I tried this Balsam; to my satisfaction and joy, when I had taken two bottles, my cough was removed, my appetite returned, and my strength and general health restored. Whenever I have any symptoms of the kind return, I immediately resort to this medicine, and find it to have the desired effect. I believe this is one of the best medicines in the world for coughs and incipient consumption, and that invalids in the more advanced stages may be relieved by using it.

NAUTILUS MUTUAL LIFE INSURANCE COMPANY, 29 Wall Street, New York.
THIS Company, which confines its business exclusively to Life Insurance, has now been in operation two years, during which period it has issued 3,851 policies, and for the first eighteen months it experienced no loss. Its losses for the whole time have been less than \$7,000, leaving an accumulation of nearly \$42,000 on hand beyond the payment of claims and expenses. This, added to the original guaranty capital of \$50,000, places the security of the Company on a basis so solid as no longer to admit of a rational doubt.

Two dividends of 50 per cent. each on the amount of premium received, in accordance with the provisions of the charter, have been declared, and are credited to the accounts of the assured, and for which scrip certificates will be issued.

A dividend of 6 per cent. on the first year scrip has likewise been declared, payable in cash to the holders thereof, on demand, at the office of the Company.

For policies granted for the whole term of life, when the premium thereof amounts to \$50—a note for 40 per cent. with interest at 6 per cent.—without guarantee, may be received in payment, or it may be paid in cash, in which case it is expected, should the party survive to make thirteen annual payments, leaving the dividends to accumulate, the policy will be fully paid for, and the accumulation ultimately added to the policy.
