to refute the position of infidel philosophers | 1ed thousand florins." with regard to its formation. The elucidation of this subject is a desideratum to science and would be most gratifying to the this." whole Christian world. It is a mystery which has remained impenetrable since the awful moment when the waters of that wonderous sea first rose above the smouldering ruins of the vale of Siddim. The configuration of one-half of its shores and its very extent are unknown. Its waters, of petrifying quality, and limpid as a mountain stream, doubtless hold within their bosom, and holding will reveal, those rnins, upon the non-existence of which the unbe-

liever states his incredulity. Strabo, Diodoros, Pliny, and Josephus among the ancients-and Maundrell, Po-Martine, Stephens, and Robinson, among marrying his daughter to a professed gainthe Moderns, all differ as to the extent, and bler. He was proud and happy to be able siderable streams are said to empty into it, the very names of which are unknown --Some have heard the gambolling; of fish within its deuse and bitter waters. Fruits, and crumbing in the grasp, are said to be the tamarind tree strewed upon the beach Its southern coast is said to consist of masses of solid salt; while as far as the eve can reach from its northern extreme, it beholds. only the washed and barren hills of Judea on one side, and those of Arabia Petren-on? the other. All is vague, uncertain and mys-

Are the questions answered? . Or shall a small pecuniary consideration withhold a country such as this from such an undertaking?

I admit that it is not a summer's excur sion, and that British officers are said to have twice failed in a like attempt. Should that circumstance deter us? I venture to say, that within the broad periphery of this land, which, cradled between oceans, stretches from the frigid zone to the tropics, there is not one native born or true hearted adopted citizen who will answer in the affirma-We owe something to the scientific and Christian world, and while extending the blessings of civil liberty in the south and west, may well afford to foster science and strengthen the bulwarks of Christianity in the east.

W. F. LYNCH, U.S. N. To the Eprron of the Herald We shall look forward to the result of

this expedition with no little interest.

The Innkeeper of Wisbaden. A few years since, an innkeeper at Wis- who is a baron. baden enriched himself by the board of \_\_ bathers, to such an extent that he was on the point of retiring to estates, was dreaming of aristocratic greatness, and would have gladly sacrificed a large portion of his fortune for the sake of being emobled; but all the various attempts he made were fruitless. The unfortunate mallionare was almost assured he should never be able to attain the object of his most ardent aspiration: -In default of his own honors, he then sought. Giveraor S. N. INDIAN HOSTILITIES.

The following letter gives a thrilling account of recent hostilities from the Indians in

### St. ANDREWS, Nov. 4, 1847. For fear of some improper impressions be-

ing made upon the public mind, I will state that Mr. Michael King, of Holmes' Valley came to my house last Sabbath, about 12 o'clock. He said he was on the road from St. Joseph to this place, and near the 23d mile post, about ten miles east of this place. when two Indians fired their rifles at him; he fled for his life, and when the Indians would get near he would aim his rifle at them and they would stop. At last, when quite exhausted, he found one of the Indians 60 or 70 yards ahead of the others; he shot at the foremost, but missed him; they then met, knives in hand, and he, King, split the Indian A large meeting of Whigs was held in entirely through the jaw; the second stroke he sent his knife entirely up into the left side of the Indian; the Indian fell back and hal-Indian and said it was Joe, the old Indian Chief. King was shot through the jacket or his book, but the ball missed his body; he was cut with a knile in three places, not ser, ously. He had the Indian's and his own rifle vention to form a Constitution, which is to could, and he would prove it to be old Juc's meet in January, in order that it may be sub-rifle. I saw the men of the smack, but did not speak with them—they left soon after Union before the closing of the coming sees. We fear those men of the fishing smack knew uld Joe, and had been but too friendly to him and his crew, for who could have put these Indians across on the St. Juseph's side? We save often heard of them on the periosula side of the St. Andrew's but have never heard very gentlemanly vice. This argument lettions to be submitted to the meeting at . In the U. S. Circuit Court, at Pittsburg, a of them on the east side before. I have often penalty of \$500 has been awarded against heard that there were three Indians but some On the 22d the Resolutions were 1 :-- Dr. Mitchell, of Indiana county, for entities say the number has increased.
