A new and beautiful edition of this celebrated rork, on the subject of GESTATION AND CHILD Coin - There is less doing in Com, and the market | BRTH, by R M Weisselhaff, M. D., late of Paris, has just been issued in New York. It is a work which should be in the hands of every MAN and WOMAN who has incurred, or intends to incur, the responsibilities of the Marriage state. It will be found of sp cial value to those whose means, health or other circumstances, do not permit them to me case the number of their family, without great inconvenience, suffering, or perhaps risk of life. A method of avoiding these troubles and dangers at will, (recently discovered by a celebrated Franch Physician) is fully communicated in this work. The means of creven tion, cost comparatively nothing, and are within the reach of all. The process is new, sale, infallible, convenient, simple, and cannot injure the health of the most delicate Nor does it curtail matrimonial priv-

lieges in the least. There is no deception or humbuggery of any kind about this work. It is precisely what its title indicates, a scientific publication, containing information of great value to married people, or those contemplating marriage, expressed in plain language work fully and faithfully given, so that the reader may avail himself of it at once, without purchasing any medicine, instrument, or other article, from the author. The means of protection which it recommends, may also be relied upon, without fear of disappointment or injury.
