

# Funds Sought For NCCU

Continued from Page 1

NCCU. That is 38% of the failures.

It has been that way for years. And sometimes more NCCU students flunk than pass.

Eleven (65%) of the 17 NCCU students who took the 1969 exam failed. In 1970 it was 9 (37%) out of 24; in 1971, 13 (59%) of 22; in 1972, a whopping 20 out of 29, or 68%. Ironically, no white law students failed the bar during the periods mentioned.

Acceptance of the \$3 million proposal would at least assure NCCU of better facilities and perhaps block the loss of accreditation. If NCCU does lose its accreditation, none of its graduates thereafter would be allowed to take the bar exam.
