## 2 Men Convicted In Racial Unrest

by Robert Eller  
Staff Reporter

Two young men who were allegedly reported to be members of the Ku Klux Klan were convicted in Forsyth District Court Tuesday Oct. 7 on separate charges resulting from racial trouble in the Mineral Springs area.

Judge Frank J. Yeager sentenced Danny Lee Mabe 24 of 4210 Mineral Avenue to six months in jail and a \$50 fine after he was convicted of shooting through the windows of a car owned by Mrs. Mary Speaks of 4332-F Grove Avenue on September 27. Mabe appealed to Superior Court.

The Judge also found probable cause to bind Mabe over to Superior Court on a felony charge of shooting into the Speaks's home on the

same date. There were six people inside the home at the time of the shooting.

In another case Louis Vannoy 17, of 4309 Ogburn Avenue was sentenced to 30 days in jail, suspended for two years and ordered to pay a \$50 fine and court costs by Judge John C. Clifford.

Vannoy was found guilty of assaulting Levon Epps 15, of 812 Ebird Street on Sept. 5.

Epps testified that Vannoy hit him on the head with an iron pipe while Epps was on his way to class at Mineral Springs Junior High School. Epps said Vannoy told him, "I'm in the Klan," before striking him.

Vannoy contended that Epps provoked the incident by calling him names and that he struck Epps with his fist only after Epps threw the first punch. Vannoy denied having an iron pipe and said he was not a member of the KKK.

Racial trouble has been occurring in the area since August. Mineral Springs is a predominantly white neighborhood but has a predominantly black apartment complex in the area.

The racial tension was heightened after a fight occurred on bus 108 on Sept. 3. For several days afterward hostile crowds of both races

## Job Outlook Brighter For '76

Greensboro, N.C. - Corporate personnel directors visiting Greensboro last Wednesday gave a cautiously

optimistic picture about the possibility of jobs for next June's graduates.

"Last year this time, we had

100 positions," said Jack Smith, director of salaried employment for Burlington Industries. "The bottom fell out in September and we hired about 49 people. This time we have around 114 firm openings."

Several thousand young people attended the day-long careers opportunity fair in Moore Gym at A&T State University.

Things actually do seem to be getting better. "We were really reduced because of the economy last year," said C.B. Rice, a placement counselor for salaried personnel with Dow chemical USA in Midland, Mich. "The coming hiring season we will hire the 75 we hired last year plus 10 percent more."

## ESR Winterizing Low-Income Housing

by Shedrick Adams  
Staff Reporter

A weatherproofing project to insulate poor people's homes was implemented by the Experiment-In-Self Reliance (ESR) on October 8.

Mrs. Louise G. Wilson, Executive Director of ESR said a community services grant of \$10,000 can be used to insulate at least 300 homes. There are a few positions in the project which are funded with Federal Manpower funds.

This program falls within the services of the ESR problem center. The problem center is directed by Mrs. Evelyn Terry, who says "this project enables us to coordinate the city of Winston-Salem's community development efforts for improvement of the quality of life for poor people."

The homes are selected based on a survey conducted last winter which found that insulating small, shotgun-type
