# Congressman STEVE NEAL

Effective and Efficient

During the Past Two Years

Congressman Steve Neal:

- Earned the title of "one of the 10 most fiscally responsible members of Congress."
- Became the first new member to head a major subcommittee of Congress (Domestic Monetary Policy Subcommittee) which he uses to fight inflation and recession.
- Guided the New River bill through Congress.
- Cosponsored and helped pass an amendment to stop a 23-cent-a-gallon gasoline tax.
- Helped stop lease-transfer of tobacco allotments across county lines.
- Voted for more than $40 billion LESS than the president requested.
- Helped make the budget process in Congress work, so for the first time in our history Congress really has a budget.
- Introduced the Muskie zero-base budget bill in the House to cut waste and over-regulation.
- Sent his entire voting record to you so you could not be misled or misinformed about his voting record.
- Helped reform Congress so it is now more open and account-able and the servant of the people.
- Worked for tax and welfare reform and was rated highest in the North Carolina delegation by "Taxation With Representation."

> *When Wilmer Mizell was in Congress, he consistently voted against farm and rural people, senior citizens, working people, education and health programs. He voted with the big out-of-state interests and now the Coors Beer organization, the oil people of Texas and Oklahoma, and other powerful special interests are pouring in tens of thousands of dollars to try to regain our seat in Congress.*
> *Mizell rode into Congress on Nixon's coattails in 1968 and they supported the same causes. They brought us the highest budgets, the highest budget deficits, the highest rate of unemployment and the most corrupt government in our nation's history. We are just now recovering from their mismanagement. Can you think of even one thing Mizell did for this district when he was in Congress?*

Isn't The New Better Than The Old?

Keep Steve Neal In Congress

Finally, A Congressman We Can Be Proud Of!
