

Now is the time to get those kids out on the banks. The bream are hitting red worms readily which makes the taking of fish so very easy for the kids. There can be no better exposure than occupying a child with a fishing pole on some body of water. Bream are so easy to catch that it is almost impossible for a child to go fishing and come back with an empty hand.

Once a child gets the feel of a fighting fish on the end of a line it is in for a new life. Fishermen are known to be of a special breed. True fishermen display honesty, integrity and good sportsmanship at all times. These are some of the traits we would desire to develop in our children.

Crappies, bream, and catfish are still being brought in at Salem Lake. Next month will begin the season for white perch at Salem Lake. The perch move from point to point and will also cross the deep waters. The old timers, when fishing for perch, set up a pattern and troll the lake, circling and crisscrossing, using a small spinner, designed for perch, with red worms trailing. If still fishing, anchor across a feeder stream and use cut bait. The odor of the bait will disperse down the lake and the fish will pick up the scent and travel up to your bait. There is always the possibility of hanging some catfish in the offering. Fishing on a point with your red worms on the bottom near a weed bedded point will also produce. Perch are death on minnows and will give quite a bit of sport. They really hit hard so do not use hooks any larger than a number 4, otherwise your minnow\* will be

knocked off by an unhooked fish.

Fishing with minnows will almost produce any specie of fish. Bass coming off their beds are on the feed and will take live bait or artificial. Work the points and the entrance to coves, also the indentations on a broken shoreline.

Try doing more for the kids this season. Let us get out on the banks with them and everyone will have some fun. There still are some of our elder citizens who would enjoy a fishing outing. Offer your service.

Tristan Martin, 2720 Fondly Road, tries his skill at Winston Lake after some instructions from his father Alphonso.
