Rake & Spade Garden Club Holds Meeting

The Rake and Spade Garden Club met Thursday night at the home of Mrs. Katherine Walker. Final plans were made for participation in the Fourth District Garden Council Flower Show to be held June 25th at the Benton Center and for the State Convention to be held in August.

Ms. Alice J. Allen was featured speaker. She gave a beautiful speech on the importance of having flowers in the home yard and at work. She pointed out that plants are friends

and confidants and will thrive when shown love and appreciation. They express and convey one's feelings to others. She also discussed the various curiosities of varied plants such as the Venus Fly Trap, the Shy plant and Biblically connected plants such as Joseph's Coat, Jerusalem Cherry, Christ-in-the-Manger and Moses-in-the-Cradle. She concluded with the thought that plants should more often be gifts and remembrances to the living rather than to the

deceased.

Plans were also made for some members to visit the famous Biltmore House and Gardens in Asheville with the Good Neighbor Community Club. The president Mrs. Walker and Mrs. T. Small planned to take the trip.

The club will have a luncheon meeting June 23.

Commencement Speaker at Amhurst

Student Delivers Address

James Williams III is one June graduate from Winston-Salem whose mother is especially proud of him because of his achievements at Amherst College in Amherst, Massachusetts.

James Williams III is one of two students chosen to deliver the commencement address at Amherst College last week. "He is a wonderful son and I think that he is going to contribute much to this community," says Mrs. Williams. "He's a good boy, but I must give God the glory." She said that Jimmy was influenced early in life to put God first, stay interested in school and try to get along with folk.

Williams was busy while pursuing a degree in American Studies and Black Studies. He served as an Advisor to the College President, Counselor for the Springfield/Amherst/Columbia Symposium on Black Intellectual Social thought.

At home, some folks remember Williams as Public Relations Director for the old Model Cities Cultural Enrichment Program of the Winston-Salem Arts Council in the summer of 1974. He has been visible in youth development programs here for five years. He says he is grateful for the opportunities that the Citizens of Winston-Salem have afforded him. "I have miles to go before I rest and I thank my mama for the love.
