Pic-N-Pay Expands Mobile Operation

Charlotte, N.C.--Pic 'N Pay Stores, Inc. (AMEX), the 356-unit self-service shoe chain, has expanded into the marketing of steel toe safety footwear in mobile units. The announcement was made by Alvin E. Levine, president, who noted that a prototype vehicle, called the "Pay-Master Shoemobile," has already been placed in operation.

Mr. Levine said that the Pay-Master could be described as a "traveling shoe store," in which 1,000 pairs of steel toe safety shoes are carried by prior appointment to an industrial plant, where all personnel, men and women, can be fitted on the job. "We are able to display to the employees a full line of steel-toe safety shoes, in a variety of colors and styles and a

complete range of sizes. "We are presently in the test phase of this new marketing approach," he said, "and are evaluating current operations and future prospects for the concept. The Pay-Master program, which is being managed by Randy Hunter of our merchandising staff, will be implemented, at least in the early stages, exclusively in North and South Carolina. "As pioneers in the self-service shoe store concept 20 years ago, Pic 'N Pay has never been reluctant to try something new, and this innovative marketing concept not only has interesting profit potentials but also provides a substantial service to industrial workers requiring steel toe safety footwear in the area," Mr. Levine said.

Iota Phi Lambda Sorority

48th National Convention Held

Several Beta Alpha Chapter members of Iota Phi Lambda Sorority, Inc. have returned from their annual convention in Cleveland, Ohio. The hostess chapter for the 48th National Anniversary Convention was the Epsilon Chapter, Iota Phi Lambda Sorority, Inc.

On hand to greet the Iota women representing states from the east coast to the west coast was the Honorable James A. Rhodes, Governor of Ohio; Honorable Ralph J. Perk, Mayor of Cleveland; Councilman McCall, City Council; Mrs. Mozelle Moore, President of Epsilon Chapter and Mrs. Catherine Gordon, General Chairman of the 48th National Convention.

The new National President is Soror Fredda Witherspoon, PhD, of St. Louis, Mo. Dr. Witherspoon is presently the President of the Missouri State N.A.A.C.P. and President as well as area Director-at-Large of Top Ladies of Distinction. She has received awards from the Mayor of the city for meritorious service on the St. Louis Crime Commission Board, her colleague chancellor for ten years of dedicated service, the St. Louis Sentinel newspaper ("Signal Award for Outstanding Achievement") as a dedicated community servant and another for selling \$2,000 worth of tickets for the Children's Benefit Lucheon.

Other National officers elected were: Ms. Clarice Brown, 1st National Vice President; and Mrs. Evelyn Peevy, 2nd National Vice president.

Between the numerous meetings, business and educational, the sorors found time for a night at the races, sightseeing, the glamorous Rainbow Ball, and what all the truly "best dressed" Iota women like bet...shopping. And all of the Iota women were dazzling in their green and white sorority colors from the flowers in many heads to the pantsuits, shoes and dresses.

National president, Iota Phi Lambda Sorority: Dr. Fredda Witherspoon and Thelma Small, 1st vice-president of Beta Alpha Chapter.

The sorors also found the time to visit the Front Row Theatre to be entertained by Gladys Knight and the Pips who were celebrating their silver anniversary-25 years of growth and overwhelming accomplishment in the entertainment industry; and the comedy superstar-Jimmie Walker.

One of the highlights of the educational meetings was on space shuttle research. Representatives were on hand from NASA (NATIONAL AERONAUTICS AND SPACE ADMINISTRATION) to lead very interesting discussion about the future of blacks and women in the space program. Out going president Lucille Reynolds served graciously during her term keeping in mind "Upward and Onward in Efficient Service to all Mankind throughout the World!" The Sorority's theme for 1977 is Women Bridging Barriers.
