Do The Things You Do drew them national attention; the release of their first album "Meet the Temptations" that same year, solidified a following, and the 'Tempt' were on their way.

"My Girl", "Ain't Too Proud To Beg", "Beauty's Only Skin Deep" were a few of the soul standards filling radio air waves in the early to mid sixties, speeding the

group to the top of the charts. "I Wish It Would Rain", "Cloud Nine", "Message From A Black Man", and "Papa Was A Rolling Stone" became additions to their decade of hits in the late sixties thru mid seventies.

Today the Tempts are as tight as ever, the personnel changes along with the changes in music over the years seems to have improved their sound, making them a major part of musical history. Whatever direction their music takes we can be sure they will remain the inimitable TEMPTATIONS!, as their new recording on Atlantic Records "Hear to Tempt You" milestones more in their career.

continued from page 9 we think will help with travel and will serve to keep our organization a strong and competitive one." Howard said he has already heard from more than 20 teams in the Carolinas and Virgini who would like to field franchises.

"This will be our third year and each year the league gets stronger and better, that is why there are so many teams interested in joining now. They know the league is well organized and stable. The good semi-pro baseball teams don't want to play corn field ball. They want good competition and a schedule of games that will prepare them for post season play."
