Proposals may be submitted by private owners or Public Housing Agency (PHA) Owners for direct contracting with HUD, or by PHAs on behalf of Owners with whom the PHA proposes to contract pursuant to an Annual Contributions Contract with HUD. A proposal for a project in a community which has developed a Housing Assistance Plan must be consistent with that community's plan.

Contract authority in the amount of \$294,440 is being made available to provide assistance for an estimated 85 units for the elderly and handicapped. \$2,833,190 in contract authority is being made available to provide assistance for an estimated 177 units for large families (3 or more bedrooms) and 426 units for other families. Fund allocation has been determined in accordance with Federal "fair share" Regulations. Contract authority amounts and unit allocations are based on tentative fund allocations and may be adjusted upon receipt of final allocations.

Your particular attention is called to the fact that HUD has recently established average subsidy cost limits per unit. Information regarding this average cost will be included in the Developer's Package.

Proposals for projects to be located in a metropolitan area must be received by 4:45 p.m. on March 23, 1979. Proposals will be put into processing upon receipt. If the number of acceptable proposals received is not adequate to utilize available funds, HUD may extend the deadline. If, at any time, the number of acceptable proposals received is adequate to utilize available funds, the deadline may be shortened by HUD. In such case, HUD will notify all parties who have previously registered with the Greensboro Area Office requesting such notification.

Projects to be located in a non-metropolitan area are not subject to a submission deadline. However, if a sufficient number of acceptable proposals to fully utilize the available contract authority is not submitted prior to 4:45 p.m. on March 23, 1979; HUD may cancel this Notification and reallocate any unused funds to another non-metropolitan area.

Submission deadlines shall not apply to proposals for projects in which the number of assisted units will be limited to 20 percent or less of the dwelling units. However, such proposals received after the deadline will be reviewed only if sufficient contract

authority remains from this Notification to fund the proposal.

Appropriate instructions, forms, and other program information are contained in a Developer's Packet which may be obtained from the Chief, PC&R, U. S. Department of Housing and Urban Development, 415 North Edgeworth Street, Greensboro, North Carolina 27401 (919/378-5225).

A workshop on the Section 8 Program will be held on March 7, 1979. Further information regarding time and place will be in the Developer's Packet.

THANK YOU

Perhaps you sent a lovely card or sat quietly in a chair. Perhaps you sent a funeral spray. If so, we saw it there. Perhaps you spoke the kindest words as any friend could say. Perhaps you were not there at all; just thought of us that day. Whatever you did to console our hearts, we thank you so much, whatever the part.
