IN WW II, THEY HAD NO ALLIES.

While the Army Air Force of the early 1940s was receiving outstanding praise, the separate Black Air Force was receiving unbelievable criticism.

Watch the Black fighters respond to America's judgment in *The Enemy Within*. This second episode of Tony Brown's four-part series, *The Black Eagles*, reveals the disgraceful view the Army held of the Blacks' ability to fight. Next week, you'll see how the Blacks shock the Army and win American support.

Tax Help Offered

Free income tax assistance for people 60 years of age or older will be available each Saturday, Feb. 5 through April 8, at the Main Branch of the Forsyth County Public Library.

Volunteer counselors trained by the Internal Revenue Service will operate from 9:30 a.m. to 4:30 p.m. in Conference Room No. 100 at the library at 660 W. 5th St.

The tax assistance program is sponsored by the National Association of Retired Persons (NARP).

Tom Carter, coordinator of the Tax-Aide Program in Winston-Salem, says it is designed to help older tax-

payers understand Federal Tax Forms and the special exemptions available to retired and elderly persons.

Carter said the people using this service should bring all of last year's report forms and those provided by the Internal Revenue Service for 1982 reports, as well as their W-2 forms and other financial information.

Since most of this kind of assistance formerly available through IRS has been curtailed, the government has asked AARP to assist elderly people.

Carter said that Tax-Aide volunteers will also offer these services in the homes of those unable to get to the library.
