LUTHER By Brumsic Brandon, Jr.

NEXT WEEK, BEN VEREEN WILL NOT DANCE, SING OR ACT.

In a rare interview, next week on Tony Brown's Journal, Ben Vereen talks. About Black heritage, Black pride, and especially, about the controversy over his blackface portrayal of legendary vaudevilian Bert Williams during President Reagan's inaugural activities. Don't miss this fascinating side of the multi-talented Tony Award-winning actor that you've never seen before. Later in March, on *Do Academic Standards Harm Black Athletes?*, Tony looks at a recent NCAA ruling that toughens academic standards for eligibility in college sports and discusses the charge by a group of Black college presidents that this ruling was motivated by racism. And in April, Tony Brown's Journal brings you *The Vanishing Tribe*, the incredible saga of a tribe of Afro-South Americans that has maintained a perfectly pure African culture for 300 years in the jungles of Surinam. Also in April will be *A Tribute To Eubie Blake*, the legendary black jazz musician who died recently at the age of 100. Keep informed. Keep tuned to Tony Brown's Journal.

WEEK OF: MARCH 17, 1983

AQUARIUS - January 21-February 19
Domestic dispute can get out of hand unless you're willing to make important compromises. Good week for launching fitness program, learning a new skill, balancing your budget.

PISCES - February 20-March 20
Favorite person is surprisingly reserved through the weekend, offering you chance to develop a new interest. Self-help household tasks can prove more than you bargained for.

ARIES - March 21-April 20
Arrange family powwow before making any financial sacrifices. Higherup can be making unrealistic demands on your time - don't be a martyr. Out-of-town friend may be moving close by.

TAURUS - April 21-May 22
Written agreements can be misleading - don't sign documents on impulse and resist pressure tactics. Romance accents a conservative, even businesslike approach.

GEMINI - May 23-June 21
Transportation poses minor headaches from Thursday through the weekend, but communication difficulties are easing up. Home improvement plans and legal matters are favored.

CANCER - June 22-July 22
Reclusive friend perks up and is able to deliver on promises. Try a new angle in getting others to see point of view - appeal to logic rather than to emotions.

LEO - July 23-August 22
Active Leo can find this a quiet week, yet it's actually eventful. Behind-the-scenes happenings are leading to advances in realms of romance and education.

VIRGO - August 23-September 22
Experimenting is the keyword in areas of wardrobe and decor. Try an all-new approach, too, if attempting to woo a client or resurgent a relationship. Charisma is a great asset.

LIBRA - September 23-October 22
Friendships new and old dominate the week, and a chance to improve your lifestyle opens up by Wednesday. Long-range goals are accentuated over short-term achievement.

SCORPIO - October 23-November 21
In romance, accent is on sharing ideas, plans and some secrets. In career, the key is to make yourself accessible. From a financial point of view, enthusiasm for a hobby may be unrealistic.

SAGITTARIUS - November 22-December 22
Draw on personal resources to bring about changes in relationships and achieve academic success. Travel plans may be back to the drawing board - perhaps a would-be companion drops out.

CAPRICORN - December 23-January 20
Skills improvement is a key to financial successes. Enjoyable events take place on home ground. Travel is related to obligations. Awaited information may arrive Tuesday-Wednesday.

BIRTHDAY THIS WEEK
You're wonderfully adaptable, a handy trait this year of extremes. Till September, personal life ranges from hushed to lively; financial state has more ups and downs than a yo-yo. Careerwise, become more precise, less vague in expressing goals and opinions.

Ask Yolonda

From Page 10
Dear Donna: My first reaction to your letter is how can anyone achieve all of his or her goals? Keep in mind that goals don't have to be material, such as buying a house, but there are always new areas for you to conquer. For example, what about a goal of going back to school, or learning a new trade or hobby?
Finding new goals is what makes life interesting. That should be your response whenever someone asks.
