YMCA Campaign Continues, E. Winston Needs 1,000 Donors

The Winston-Salem/Forsyth County YMCA has launched the community-wide solicitation phase of its \$5.06 million capital campaign with more than \$4.075 million raised to date. A series of three kick-off meetings in Winston-Salem and Kernersville were held last week for hundreds of volunteers as the campaign seeks to reach what General Campaign Chairman John F. McNair III called "the toughest part of the campaign goal."

At the first of three kick-offs, the East Winston solicitation team gathered at the M.C. Benton Convention Center March 15, where McNair emphasized the Community Gifts Division role.

"As you know, the support and generosity of the entire community are needed for our project to succeed," McNair said. Specifically, the East Winston Community has before it the opportunity to set an example of community involvement and support never before seen in the city.

Special entertainment was provided by well-known local baritone, Dan Andrews, choir director of First Baptist Church of East Winston.

The Mary Reynolds Babcock Foundation has made a \$100,000 conditional pledge to the campaign, based on a minimum of 1,000 gifts to be received from the East Winston community.

"We have two very strong reasons to succeed," said Dr. H. Hamilton Allen, division vice chairman. "We must meet the challenge to receive the foundation gift. Also, we hope our division can raise the dollars to put the entire campaign over the goal."

Melvin White, senior vice president of Mechanics and Farmers Bank, is also a division vice chairman.

Community Gifts Division Chairman David R. Plyler, public affairs director for WXII-TV, Channel 12, announced that the East Winston effort will be the largest

grassroots appeal attempted in that community.

Similar efforts began Thursday, March 17 for the Greater Winston-Salem Area team and Monday, March 21, for Kernersville.

The solicitation of YMCA members, small business, clubs and organizations and individuals for gifts of up to \$5,000 will proceed through early May.

The YMCA campaign, the largest in local Y history, is raising funds for a major construction and renovation project. The flagship of the project will be a new family Y center at Winston Lake, replacing the time-worn Patterson Avenue Y.

Other key elements are expansion and renovation of the Central branch at Hanes Park, extensive expansion at the East Forsyth branch in Kernersville, renovation of Camp Hanes in King, debt retirement and the "Partnership with Youth" program, the Y's annual appeal to provide financial aid for youth who could not otherwise afford Y programs and services.

The campaign will run through May 31.

The New One-Two.

Two of the nicest things that have happened to savers in years have been the new IRA rules and the new Money Market Accounts. Now NCNB has put together a plan that lets you get the best of both ideas.

1. New Money Market Liquidity.

Deposit \$2500 or more in an NCNB Money Market Investment IRA, earn money market rates, along with the flexibility of moving your money into another investment any time you like.

2. IRA Tax Benefits.

As with other IRA plans, you can deduct your contributions each year and you pay no tax on interest earned until you start withdrawing money.

It's our new Money Market Investment IRA.

And here's the way it works: now you can get Money Market Rates with an IRA.

But, even more importantly, unlike the conventional IRA plans, you're not tying up your money.

Later on, if other IRA investment plans become more attractive, you can move your money with no interest penalty.

Now, even though the maximum IRA contribution per year is \$2000, you can start one of these accounts with NCNB for \$2500, with (1) a lump sum distribution from your pension plan if you change jobs, (2) a combination of your '82-'83 contributions, if you deposit before April 15, 1983, or (3) a maturing IRA certificate.

There might be a few other places to find this kind of plan, but there's none more convenient than the one right in your neighborhood. So come see us soon. Why not have the IRA that works twice as nice?
