

Poetry Corner

By Jane Penn

"Tribute"

A hug, a kiss, a fond caress
The love he gives is innocent and blest.
A smile, a sigh, a look of devotion
that stirs the heart with deepest emotion.
My son, my love, my joy, my life
My heart's desire is also my strife.

"Ended Love"

I have no regrets for the choice that I made
for it was made with an open mind.

I weighed the odds and counted the cost
but no mistakes could I find.
You may not agree with the choice that I've made
but I hope by my choice you'll abide.
And know that your feelings were weighed in the
balance
but my love for you has just died.

WEEK OF: MAY 3, 1984

AQUARIUS - January 21-February 19
Recent business problems can be discussed, leading to commonsense solution. Family situation brightens and relative becomes a good friend. Romance is lighthearted on weekend.

PISCES - February 20-March 20
Spring fever continues through the week - a splendid time for writing poetry, love letters, romantic yarns. Financial plan can backfire; put contingency plans into action.

ARIES - March 21-April 20
Interesting news about a long-ago friend reaches you this week, and a nostalgia session may last through the weekend. Avoid showdowns all week - especially with member of same sex.

TAURUS - April 21-May 22
Partner may seem suspicious or distracted; your best policy is to stay in the background - pursuing a new, potentially profitable interest. Family announcement is encouraging.

GEMINI - May 23-June 21
A potentially significant friendship is launched as you're introduced to a gentle individual. You may have to lay out extra cash on Monday; don't shop for bargains at expense of quality.

CANCER - June 22-July 22
Some embarrassing situations are scattered through the week - but charisma gets you through the stickiest moments. Unexpected cash and romantic revival are present highlights.

LEO - July 23-August 22
Week accents education, with a focus on new areas of interest. Resourcefulness is keyword on the weekend. Aries or Aquarius people figure prominently in your friendship circle.

VIRGO - August 23-September 22
Week is off to a slow start, but by Monday you're the focus of great and varied activity. Community role assumes new status. Philosophical discussions strengthen brain-power.

LIBRA - September 23-October 22
Rely more on your own good judgment, less on the unsolicited advice that comes from all circles. Friend may be unusually coy this week. Skills of salesmanship are sharp.

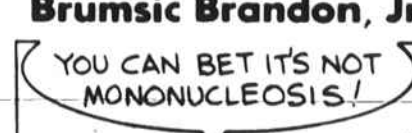

SCORPIO - October 23-November 21
Buying and selling are accentuated and the weekend is excellent for hosting or attending garage sales, bazaars, and the like. Best allies now are of an older or younger generation.

SAGITTARIUS - November 22-December 22
In relationships you know where you stand, and where you're headed. Difficult individuals are easier to live with. Financial situation benefits from a thorough and realistic review.

CAPRICORN - December 23-January 20
You excel now at dreaming up plans, but give added thought to seeing them through. Romance forecast is sunny and breezy. Home repairs require expert opinions.

BIRTHDAY THIS WEEK
Reliable, generous, artistic, a natural host - and self-indulgent. A major self-improvement plan can be put into action almost immediately. Brushing up on old skills and staying trim are goals worth considering. Prepare for heavy workload in the fall.
