months ahead in the homes of the Second Wave group. The Second Wave power force will then begin to see what is and has actually happened and will resist this Third Wave share of the power with every ounce of political maneuvering that is within its authority and ability to do so. When this resistance manifests itself, there will be chaos and fear likened to the tug of war between Saul and David when Saul suddenly perceived that his kingdom was gradually falling into the hands of one who once kept watch over his father's sheep.

The U.S. has a major role in these last-day world events. God himself knows exactly what He is doing. The 10-nation confederation league known as the European Common Market is rapidly forming. From this 10-nation confederation will arise one who will promise peace (end of labor strikes, confusion) to these nations and solve the overwhelming, skyrocketing inflation and economic problems which have produced vast unemployment.

Already there are nine nations named in the book of Daniel the Prophet in the book of Daniel. The 10 horns spoken of are the 10-nations who have combined and united their expertise, knowledge and common causes with hopes of arriving at a solution for their many woes. This great power bloc will present one of the greatest

plans for opposition to Christ's divine government and leadership.

All this has been written to say God's purpose for this and all nations shall be fulfilled. To the scoffers, unbelievers, resisters, obstinate and self-willed, I urge you to heed to these words written. To the unknowing, yet well-meaning government leaders, businessmen, educators and administrators and any other layman that lack the vision and the revelation, do flow along with the move of the Lord and prevent chaos, unnecessary hardships and troubles from surfacing.

I will not go into a long discussion about separation of church and state; however, there has never been a separation of the two from God's point of view. This idea and doctrine is not of divine origin, but is, indeed, the wisdom and ideas of man. Biblically speaking, politicians, public officials, leaders of a city, nation or any territory were all continually seeking advice and guidance

from a prophet. We can only look at Daniel, King David, King Josiah and King Hezekiah to name a few. God has always and will continue to be interested in the political affairs of a community, city, state or nation. For in Isaiah 9:6 he said, "the government shall be upon His shoulder." God will not tolerate injustice, corruption, political

abuse and oppression. He will require and have nothing less than moral order in all levels of government. There are many truths and future events foreseen by myself, but I am not at liberty to make known at this present time for some of the events are too grievous and I would be ridiculed anyway, in addition to your not being able to bear it now.

Remember this, my fellow citizens. God's purpose for even this state shall be fulfilled.

May 8 is a day to mark on your calendar. The North Carolina Primary will not be your usual run-of-the-mill primary. This state will be affected in a great way and will be thrust into the nation's newspapers because of God's personal involvement and His requirement of a fair, just and honest government.

For the scripture states plainly in Proverbs 29:2: "When the righteous are in authority, the people rejoice; but when the wicked beareth rule, the people mourn."

Thank you very very much for your consideration and fairness. I hope your paper will be fair like Alderman Larry Little and will not endorse any candidates in the first primary.
