"Turmoil Within"

How can it be  
That the life within me  
Seems so shallow and so sad?  
The need, want and feel  
Of something unknown  
Is like an all-consuming flame  
That burns to the deepest part  
Of my being  
And transplants itself in the  
Innermost confines of my cerebrum,  
From whence I fail to comprehend  
Its beginning or end.  
Manifested within my heart is  
The lack of communication I so need  
To become as one, whole and at peace  
With my entity.

"My Comment"

If I could stop, stop my life for just a moment,  
I'd step out on my imagination and I'd give this comment ...  
Life is a bag of surprises,  
Yes, a big bundle of surprises,  
Having many faces and many disguises.  
Sometimes it's good and other times it's bad.  
Sometimes you're happy and sometimes you're sad.  
Everyone has his share of surprises,  
That part of life has no compromises.  
My surprise comes in a tiny bundle,  
Small, sweet and very humble.  
I know my life could never be the same,  
I've got a world of happiness to gain.  
But deep, deep in my heart I know  
I've got such a long, long way to go.

WEEK OF: JULY 3, 1986

**AQUARIUS** — January 21-February 19  
Trust more to memos than to your memory. The week sees you putting in overtime and earning a small bonus or promotion. Health program requires comprehensive review.

**PISCES** — February 20-March 20  
Weekend focuses on cultural activities. Friend becomes surprisingly congenial but may dominate more of your time than you wish. Monday-Tuesday favor the planning of financial goals.

**ARIES** — March 21-April 20  
Your encouragement goes a long way in helping a younger friend become more self-confident. A difficult assignment—professionally handled—may prove the ticket to a lucrative job.

**TAURUS** — April 21-May 22  
Thursday and Friday accent romance and new friendships. The weekend is favorable for property matters. Domestic hassles may be unavoidable on Monday. Tuesday's travel offers pleasant surprises.

**GEMINI** — May 23-June 21  
Last-minute changes to your schedule keep you on your toes all week. Reunions are highlighted during the weekend. New relationships are on a steadier course after Monday.

**CANCER** — June 22-July 22  
Decisions over a family matter should be finalized by Wednesday. Financial news proves surprisingly bright. Your ingenuity pays off in a career or community-related project.

**LEO** — July 23-August 22  
Good period for shaping travel plans, for embarking on new career activities and for clearing up romantic misunderstandings. Legal matters may dominate your time this week.

**VIRGO** — August 23-September 22  
Short trips are accentuated and include the possibility of making a key contact. Hobbies can lead to new friendships. In romance, partner is more decisive and more understanding.

**LIBRA** — September 23-October 22  
A social week in which you meet individuals from unusual walks of life. Be sure not to ignore such practical matters as physical checkups and financial planning.

**SCORPIO** — October 23-November 21  
Week may see you tightening your friendship circle. A higher up repays a favor in an unexpected way. Romance is favored but be sure to opt for a light touch.

**SAGITTARIUS** — November 22-December 22  
You master the art of compromise; in friendship or romance, this could be the start of a new chapter. Watch extremes in areas of diet, health and exercise.

**CAPRICORN** — December 23-January 20  
Week is favorable for taking on new responsibilities at home or at work. Friend may be overly dependent, even possessive. Self-improvement program starts to show results.

**BIRTHDAY THIS WEEK**  
Creative and enthusiastic, you inspire others to realize their potential. You're flighty too, and are known to abandon a task midstream in favor of a more exciting one. An on-again, off-again project can reach a happy finale within the next 12 months; the key is a combination of hard work and leadership.
