

Psi Phi extends welcome mat to new Omega brother

Johnnie L. Morris, formerly of Little Rock, Ark., recently relocated to the Twin City following his acceptance of a position with the local AT&T Networks System. He is a quality control department manager at the system's Lexington Road plant.

Before moving to North Carolina, Morris was similarly employed in Little Rock, where he held shop supervision, quality and plant engineering positions with AT&T Teletype Corp.

Morris began his professional work experience with General Electric Co. in Louisville, Ky., in 1974.

From 1974 to 1976 he was a GE management trainee. He later held manufacturing, industrial and quality engineering positions with GE.

A native of Saratoga, Ark., Morris attended schools in that state's university system. He earned a bachelor of science degree in industrial engineering at the University of Arkansas in Fayetteville, Ark.

In May of 1981 he completed

J.L. Morris

his master's studies in operations management.

A life member of Omega Psi Phi Fraternity Inc., Morris has been affiliated with the local Psi Phi chapter since moving to Winston-Salem. He pledged the fraternity at Theta Omega chapter in Louisville and was a member of Pi Omicron chapter in Little Rock.

Morris has also held several offices in the fraternity structure. He has been parliamentarian, assistant keeper of finance and keeper of finance in his graduate chapters.

He has also been chairman of several fraternity committees, in-

cluding the reclamation, finance and chapter picnic committees.

His Twin City brothers welcomed Morris to the city and to the chapter at Psi Phi's June 9 meeting. He was further introduced to the brotherhood at a fraternity social held at the home of Mr. and Mrs. Clarence McKee.

Some of the chapter brothers also treated Morris to lunch with the chapter's new basileus, James Franklin.

Morris is married to the former Gloria Dean; they have one daughter, Denise.

Proud Honoree

Odessa Turner proudly displays a certificate she received at a retirement party recently held in her honor. Mrs. Turner, a nursing assistant, retired from her position after 32 years on the job at Reynolds Health Center (photo by James Parker).

Health Department issues heat warnings

Local residents should take extra precautions to protect themselves during hot weather, says Dr. Thomas R. Dundon, director of the Forsyth County Health Department.

"When temperatures soar into the 90s or higher, as they have recently, people need to take extra measures to protect

themselves from the heat," Dundon says. "Heat-related illnesses can be a real problem, particularly for older persons and infants. Those with chronic illnesses and people who work directly in the sun, such as field laborers and construction workers, are also susceptible."

A breakdown of the symptoms

of the three heat-related illnesses follows:

- heat cramps -- muscle cramps, often beginning in the stomach and legs,
 - heat exhaustion -- normal or slightly higher body temperature; pale, clammy skin, excessive sweating
- Please see page A12

Circus Camp week offered by Girl Scouts

The Girl Scouts will offer a week of circus camp from July 20 to 25 for girls ages 6 to 11. The camp will be held at the Keyauwee Program Center. The week will include general

camp activities such as swimming, canoeing, outdoor skills, songs and games.

As a special focus, the girls will be instructed by Jeff Darnell. Please see page A10
