Project Upward Bound continues WISE program

The Winston-Salem State University Upward Bound Program is enjoying its second year partnership with Wachovia Bank and Trust Co. via the Wachovia's Involvement in Student Employment (WISE) Program which is designed to give students an incentive to complete high school and to continue their education to obtain a two (2) year Associate Degree through a local Community College. A total of five (5) students were selected last year and five (5) additional students will be selected this year to participate. The participants will be employed by Wachovia Bank and Trust Co. during the school year on a part-

time basis in jobs such as key punch operators, proof operators, file clerks, etc.

Because Wachovia Bank and Trust Co. caught the vision and saw the need to bridge the business/education gap in the Winston-Salem Community, Upward Bound students have the opportunity to participate in expanded and extended program activities via a \$10,000 donation to the program.

This is the second year that Wachovia Bank and Trust Co. has made such a generous contribution of support to the Winston-Salem State University Upward Bound Program.
