**Indiana Firm Discovers:
 Special New cream
 for arthritis**

CARMEL, IN. - There is now available a new medicated cream discovery that not only relieves Arthritis pain, but also soothes and conditions the skin. The company that discovered the cream, Continental Quest Corporation, has named the product "PAIN BUST-RII." According to company president, Bryan Auer, "PAIN BUST-RII" was researched and formulated to be absorbed directly into the joints and muscles, where the pain originates. It works to relieve Rheumatism and Bursitis pain as well. "But that is not all it does." "When the special formula is applied directly onto the skin, it goes to work im-

mediately to condition and rejuvenate skin cells, leaving the skin feeling cool, smooth and refreshed after each application." "There is nothing quite like this product that equals its effectiveness!"
