AKA Sorority Stays Active in Community

The Gamma Lambda Chapter of Alpha Kappa Alpha Sorority Inc. at Winston-Salem State University lives by its motto: "Service to All Mankind."

The members of the chapter are currently participating in the Reading Olympiad for Middle School, sponsored by the Winston-Salem Urban League. The project is based on a mission to promote increased

reading among African-American students and to increase their exposure to black history and literature.

This is only one of the projects that AKA has participated in. They have conducted several fundraisers. The proceeds have gone to various organizations, including the Samaritan Soup Kitchen, the Salvation Army, the Best Choice Center and the Salvation Army Girls' Club.

Funds were also raised for victims of Hurricane Andrew.

Gamma Lambda does more than just give monetary donations. They also donate their time. During September, they visited Turner's Rest Home. They spent quality time reading poetry and singing songs with the senior citizens one Sunday afternoon. Dorinda Patterson also sketched portraits of them.

During the holidays, the ladies took time out to give two needy families a Thanksgiving dinner. For Christmas, they took two names from the Angel Tree and purchased toys for the children. They also participated in "Parson for the Hills."

The Gamma Lambda chapter of AKA Sorority Inc. works diligently toward the betterment of the black community.
