Visibly Committed

The work of the National Association for the Advancement of Colored People (NAACP), the Opportunities Industrialization Centers (OIC) of America, the National Urban League, and the United Negro College Fund (UNCF) is essential to the communities they serve. That's why R.J. Reynolds Tobacco Company is committed to their continued growth. No where is this support more visible than in the R.J. Reynolds Public Service Billboard Program.

This program makes available to these organizations hundreds of high visibility locations in dozens of cities coast to coast.

As a result, more awareness is focused on the vital community development work they carry out.

This is just one of the many ways R.J. Reynolds, in cooperation with numerous billboard companies, is demonstrating its longstanding commitment to African-American progress.

A working commitment that is working for all of us.
