## 10th Street Apartments Renamed For Johnson

By JOHN HINTON  
Chronicle Senior Staff Writer

The residents of Tenth Street Apartments have renamed their complex as Johnson Square Apartments in tribute to East Ward Alderman Joycelyn Johnson.

Johnson accepted the honor at a recent ceremony at the apartment complex, where residents and community leaders praised her for contributing to their community.

"You could not name these apartments after any better than Joycelyn Johnson," said the Rev. Carlton Eversley, the pastor of Dellabrook Presbyterian Church. "She is committed and concerned about human beings."

Art Milligan Jr., the executive director of the Housing Authority of Winston-Salem,

said that residents led the effort to rename their apartments, which are owned by HAWS but are not federal public housing.

"The residents wanted to rename the apartments after Joycelyn Johnson," Milligan said. "We just helped them to do that." According to city records, no other apartment complex in Winston-Salem is named after a current or past member of the Board of Alderman.

Milligan said that Johnson often works behind the scenes to improve her community and rarely seeks public attention for her efforts.

For example, Johnson help several residents to safety during a recent fire at Sunrise Towers on Martin Luther King Jr. Drive. Johnson said that she appreciated the honor.

"We have to empower the

neighborhood," she said. "We must work to keep it this way."

HAWS employees spruced up the grounds and buildings of the old Tenth Street Apartments. Many flowers had been planted, and fresh paint dons the apartments.

"We were pleased with the end result," said the Rev. Sheldon McCarter, a pastor of the nearby Avenue Christian Church.

## Tenth Anniversary of National Breast Cancer Awareness Month

October 1995 marked the tenth anniversary of National Breast Cancer Awareness Month. This month is dedicated to educating women about breast cancer and the importance of early detection and treatment.

"African-American woman have a higher breast cancer mortality rate than any other ethnic group in the country" reports Zora Kramer Brown-Founder and Chairperson of the Breast Cancer Resource Committee in Washington, D.C. We must educate the community about breast cancer issues. Early detection and treatment is what saves lives. The three key elements to prevention is performing monthly breast self-examination, having a clinical breast exam by a trained professional and getting a routine mammogram as advised by a physician

or health professional. The Womanwise Program is offered to income eligible women 50 years old and older. In this program a qualified nurse teaches breast self-exam and performs a clinical breast exam and pap smear. A mammogram is performed by a certified technologist. If you can not afford a mammogram or pap smear please call 727-2890 ext. 3640 for more information.

Women must be empowered to take charge of their health. Women can not let fear stand in their way. If anyone is interested in volunteering to talk to women in their community about the importance of breast and cervical cancer screening, call Jackie Boggs, RN - Womanwise Coordinator at Forsyth County Health Department - 727-2890 ext 3640.
