

# Game Day!

The Tiny Indians played host to the Tiny Packers in Pop Warner football action last week at Kennedy Middle School. The Packers took victories in the Flag, Junior Pee Wee, Pee Wee and Junior Bantam Divisions. The Indians won in the Junior Midget game and the Mighty Mites played to a tie.

## Late touchdown, tough defense

from B1  
every game. Our defense is carrying us, but our offense is catching on.

"Perhaps the best thing that I can say about this team is that it knows how to play together. They don't get bothered by being down on the scoreboard. They have a good grasp of the team concept."

Like the Mustangs' varsity, the junior varsity is running variations of the Run-and-Shoot offense. Barnes said like his young team, he's working to master the offense.

"This is a very difficult offense to learn," he said. "We have a lot of young kids and most of the them are running the offense for the first time. They're doing a great job just to be able

to run the offense."

Barnes said the Mustangs' coaching staff is pleased with the play of quarterback Clifford Crawford, a first-year quarterback in the system.

"He is getting better," Barnes said. "I think he's going to be one of the better quarterbacks in jayvee football. He played a real poised game. He made some critical plays for us and helped keep us in the game."

Barnes said the Mustangs never let the fact that they were behind on the scoreboard detract from their effort on the field. That, he said, is a major accomplishment for young athletes.

"Their heads stayed in the game," Barnes said. "These kids have a lot of character, they realize that they still have a chance to win even if they are behind.

The offensive line showed a lot of life in the Mustangs' scoring drive, so did running back Brandon Isaiah, who scored the tying touchdown on a three-yard run. Then on the conversion Crawford connected with Sherman Copeland.

"For both of our games we have come together at crunch time," Barnes said. "That's been our main focus. The offense has moved us up and down the field, but we haven't punched it in until we've needed to. But I think as the season goes along we're going to get a lot better offensively. Right now everyone on defense is playing well and with us being so freshman-oriented I think it's just a matter of time before our offense starts playing well also.
