Questions & Answers on recovering from grief *

Questions asked during bereavement counseling are answered by the editor of *Afterloss*, the grief-recovery letter.

Q. When someone you love dies, it seems that you will never be happy again. Is this so?

A. There is an adjustment phase to every major change in our lives. The return to a joyful existence can certainly be attained. Some achieve this happiness sooner than others and for a variety of reasons. These include (but are not limited to): (1) a willingness to take the steps required to work through your grief (2) your own personality structure (3) your tenacity and (4) the new opportunities that may subsequently emerge.

* For a free copy of *Afterloss* or the new booklet, *Grief is a Process, Not an Event: Questions and Answers on Grief Recovery*, simply call or stop by.
