ZERO DOWN!

LIFETIME POWERTRAIN WARRANTY

America's Hottest Products Now Have THE INDUSTRY BEST WARRANTY!

To All Valued Customers,

North Point Chrysler Jeep® has been servicing the Winston-Salem and surrounding areas for over 14 years. During these years, I have personally seen thousands of dollars offered to buyers from the manufacturer including Chrysler Corporation. However, I have never seen or heard an offer so **MONUMENTAL** that it could change the car buying world indefinitely.

Chrysler has just announced a "Lifetime Powertrain Warranty" with a "zero" deductible on almost every new Chrysler and Jeep® vehicle. This is a warranty that *no manufacturer has ever offered before*. Absolutely no games or gimmicks. Only three exclusions apply: Commercial/Fleet, SRT models, and Diesels.

Just imagine owning a new Chrysler or Jeep® product and never having to worry about your powertrain as long as you own the vehicle. This warranty could literally *save you thousands of dollars*.

Chrysler and Jeep® vehicles have always been a tremendous value with excellent styling, performance and appeal. With the "Lifetime Powertrain Warranty", the decision to purchase our vehicles has become much easier.

I would like to personally invite you to come by our showroom at 7726 North Point Boulevard in the heart of Winston-Salem to see and drive some of our vehicles and learn more about the "Lifetime Powertrain Warranty". Remember, we will always have the best selection and prices around, and now the best warranty in the business!

Sincerely,
Jeffrey Michael
