Information Services

Forsyth Technical Community College, one of the largest community colleges in North Carolina, offers excellent openings for the following full-time computer professionals:

Web Services Programmer/Technician

Will assist with the creation and maintenance of our Web Services, including the college portal, website and Datatel's Web Advisor. Requires A.A.S. degree from a two-year college or technical school and one year of related experience. Understanding of Web design/navigation; working knowledge of portal and website development; and excellent communication, organizational and creative skills are essential. Knowledge of Internet programming languages: JAVA, ASP, NET, CSS, SML, etc., are preferred. Salary range \$2,397 to \$2,850 per month based on experience/credentials.

PC Technician

Will provide college-wide computer systems operations and technical support. This includes installing equipment; moving, installing and repairing microcomputer hardware and software systems; and providing technical assistance and training as needed. Requires A.A.S. degree from a two-year college or technical school and one year of related experience. Working knowledge of networks and PC hardware/software is required, as are excellent interpersonal and customer service skills. Candidate must have a valid NC driver's license, as travel between campus sites is required. A+ and/or basic Microsoft certifications preferred. Salary range: \$2,397 to \$2,850 per month based on experience/credentials.

Applications for both openings must be received in Human Resources by Tuesday, October 28th, 5pm.

You must apply at: www.forsythtech.jobs, follow the new application process and fulfill application requirements; or stop by our Human Resources Office for assistance. Resumes may accompany a completed Forsyth Tech application.
