# Trashbusters will hold youth forums on Sunday

SPECIAL TO THE CHRONICLE

Trashbusters of the Triad, Inc., a program that helps young people realize their purpose and reach their full potential, is implementing a new initiative to meet the needs of young boys.

On Sunday April 5, at Goodwill Industries at 2701 University Parkway, Trashbusters will host its first open forum for young boys, "Man Up: Boys Owning Their Actions and Being Accountable." from 2 -4 p.m. A separate forum will also be held for girls at the same time. Its theme is, "Blooming Up: Girls Growing Up and Being Responsible." The forums are for youths from 12 - 18 years of age. They are free and new participants are wel-

Trashbusters administered more than 20 forums and specially-designed programs in 2008. The girls who participated in the programs have shown a marked improvement in their academics, social adeptness and self-esteem.

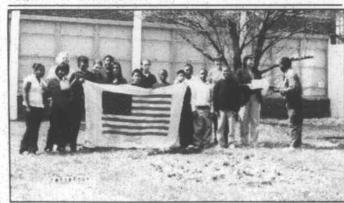

"We are extremely pleased with the outcomes from Trashbusters' work last year," said Tabetha Bailey, founder of Trashbusters of

the Triad. "Our goal was to ensure that young ladies had the opportunity to grow and develop in various areas. Certainly, they were able to articulate that growth, but more emportantly they displayed it in their everyday

The opportunities for girls and boys will continue in 2009 with programs each month which deal with the foundational issues young people face on a daily basis.

"This year our young people will experience everything from visits to college campuses to observing youth court and touring a juvenile detention center," said Cheryl Lindsay, vicepresident of the organization's board. "It is imperative that we provide them with the exposure necessary to realize the strength and power of their choices. When they volunteer to help senior citizens, participate in Homeless Youth Community Project and engage in activities that are fun and exciting, they become well rounded children who develop into productive adults."
