Request for Proposals
Landfill Gas to Energy Project for Johnston County

The Johnston County Department of Utilities invites proposals from qualified, experienced firms for the development and operation of a beneficial program for use of landfill gas at the Johnston County Landfill.

Proposals from qualified companies shall include all labor, materials, and equipment necessary to plan, design, permit and operate a landfill gas to energy system (LFGE) for the Johnston County Landfill. The County seeks proposals for turn key installation and operation which includes, but is not limited to: landfill gas collection system installed on approximately 110 acres (+/- 10 acres), all necessary equipment to remove and transmit landfill gas to a flare/generation facility, flare system, landfill gas powered electric generation equipment, and interconnection to the commercial electric grid.

An alternative proposal is requested that will include the developer only providing and operating the power generation system. Under the alternate proposal, the County will plan, design, permit, install, and operate the landfill gas collection facility, blowers, and flare system.

A proposal information and guidance package may be obtained from the Johnston County Department of Public Utilities office located at 309 E. Market Street in Smithfield, NC 27577 (telephone no. 919-209-8333) or can be obtained from our website at www.johnstonnc.com. All proposals must be submitted by 2:00 pm on November 17, 2009 for consideration.
