SPECIAL TO THE CHRONICLE

The Logan Burke Academic Foundation has been established at Carver High School. It honors the legacy of the late state representative and community servant. Burke passed away earlier this year.

Dr. Vivian Burke and Judge Todd Burke announce the new foundation at Carver High School.

Burke directed his family – including his widow, Mayor Pro Tempore Dr. Vivian Burke, and son, Forsyth County Superior Court Judge Todd Burke – to establish the foundation. The family donated \$10,000 to establish the foundation. Others have also made contributions in honor of Rep. Burke.

The foundation will fund academic growth celebrations for Carver students and provide certificates, academic awards, ribbons and gifts for high-achieving students.

“I know the faculty and staff of Carver High school love and support their students,” said Mayor Pro Tem Burke. “My family has had a wonderful life, it’s fitting that we give back to a community that has given us so much. My dear husband loved Carver High School.” Judge Burke likes the idea of showing love and support for their good deeds.

“I was very blessed as a child. I would have known my father loved me had he never told me, I knew by his actions. I would like for all children to experi-

ence that,” he said.

As are many others in the community, Dr. Burke is very proud of Carver High School.

“Carver has produced many leaders of this community, state and nation and the legacy continues,” she said. “We have an obligation to support our beloved school.”
